

JAPANESE HAVE AT LAST BOTTLED UP PORT ARTHUR

REPORT THAT RUSSIAN SHIPS ARE HELD FAST IN PORT.

HOW THE RUSSIAN WOMEN WELCOMED THE HEROES OF THE "VARYAG" WHEN THEY REACHED ST. PETERSBURG.

New Chwang Has Not Fallen—Details of the Bloodiest Battle in History.

TOKIO, May 4.—9 p. m.—The reports which have been received here of the successful blocking of the entrance to Port Arthur by the Japanese, coming on the heels of the news of the victory on the Yalu, stirred Tokio to another popular demonstration and tonight thousands of men carrying lanterns swinging high from bamboo poles paraded through the city.

Half a dozen bands of music led the various processions.

The offices of the war and navy departments and of the general staff were the scenes of the greatest enthusiasm. Two of the native Imperial princes visited the navy department and the assembled crowd welcomed them with cheers.

Then the throng demanded Admiral Ito, chief of the general staff, and the hero of the fight on the Yalu during the Chinese-Japanese war.

He appeared in response to the calls of the people and saluted them.

It had been expected that tidings of

the Port Arthur engagement would come from Vice Admiral Togo some time during the day, but none were received.

The report which has reached here from Europe that General Kuropatkin, the commander-in-chief of the Russian troops in the Far East is personally leading 20,000 men from Liao Yang to Feng Wang Cheng is welcomed as good news on the theory that the more aggressive the Russian campaign becomes, the more speedy will be Japan's final victory.

ST. PETERSBURG, May 4.—The Japanese authorities have received a report of the attempt made Monday night to block the entrance of Port Arthur harbor. It is without details, but these are expected shortly. It is reported, however, that the attempt was successful.

RUSSIANS HOLDING BACK WAR NEWS.

Emperor Must Read Dispatches Before They Are Given to the Public.

ST. PETERSBURG, May 4, 4:15 p. m.—Since the Emperor's removal to Tsarskoye-Selo a new system has been introduced of communicating official messages intended for publication to a special commission of military and naval censors. Formerly all telegrams addressed to the Emperor received direct at the Winter Palace were sent to Admiral Aboza, who telephoned them and forwarded them to a commission sitting in the telegraph office.

THE CENSORS.

The censors read the messages carefully, omitted any passage likely to prove useful to the enemy and then a duplicate was given out to the correspondents quartered in an adjoining room.

The only delay arose from the censors adjourning from 2 p. m. to 8 p. m. The present arrangement involves further delay.

Messages have to come back from Tsarskoye-Selo after being deciphered. Those relating to the land operations go to the war ministry and those referring

to the navy to the navy ministry.

(Continued on Page 5.)

PORT ARTHUR IS BOTTLED UP.

TOKIO, May 4.—The Japanese authorities have received a report of the attempt made Monday night to block the entrance of Port Arthur harbor. It is without details, but these are expected shortly. It is reported, however, that the attempt was successful.

NEW CHWANG HAS NOT FALLEN.

NEW YORK, May 4.—The special telegram to the London Chronicle, dated Chee Foo, asserting that the Japanese had taken New Chwang, is obviously false. New Chwang, which is on a river and about thirty miles from the sea, could not possibly be taken except as the result of an attack of at least two or three days' duration.

The Associated Press has American

KIDNAPED BY UNION STRIKERS.

Chicago Bakers Make Prisoners of Non-Union Men.

After a Battle in the Street the Imported Bakers Disappeared.

CHICAGO, May 4.—Twenty-five bakers, imported from St. Louis to fill the places of strikers, are alleged to have been kidnaped by members of the Chicago Bakers' Union.

The men arrived in Chicago and started in a body for the plant of the Schulze Baking Company, where they had been promised employment.

When within half a block of the shop they were surrounded suddenly by several hundred sympathizers.

The strikers warned the newcomers not to accept work at the bakeshops.

Some of the non-union men insisted, however, and a fight started.

A riot call was sent in, but when the police arrived the crowd had disappeared.

Only two of the St. Louis men had succeeded in reaching the Schulze plant and the twenty-five others had been spirited away.

MUST SERVE HIS TIME IN PRISON.

BAKERSFIELD, May 4.—Judge Bennett this morning refused to grant a new trial to Charles H. Le Mar, who was convicted of manslaughter, and passed a sentence of ten years in Folsom upon him.

Le Mar shot and killed Thomas Delaney, a miner, at Mojave some months ago. His plea was self-defense, but it was shown in the trial that there had been enmity between them for a long time and that Le Mar had made repeated threats to kill Delaney at the first opportunity.

MAN WHO SHOT AT BOOTH DEAD.

KEOKUK, Ia., May 4.—Mark Gray Lyon was buried here today. On April 23, 1878, Shakespeare's birthday, he caused much excitement by firing two shots at Edwin Booth in McVicker's Theater, Chicago, during the play "Richard the Third."

FALSE STORIES ARE BEING SPREAD.

PORT ARTHUR, May 4.—There have been no developments since the attack on Port Arthur of May 3.

During the bombardment the big guns of the Russian ships and batteries fired 2500 shots, which the machine guns of the gunboat Giliak fired 300 shots.

The Novikoff says it is news that the Russophobe Chinese, headed by Viceroy Yuan Shi Kai and General Ma, are carrying on an active anti-Russian campaign, and that traveling orators are spreading false statements of the strength of the Japanese and of the magnitude of their victories and are telling malignant stories of Russian designs throughout the Chinese towns and villages, with the object of inciting the masses against Russia.

WOMEN IN THE ARMY.

Claim Made That They Are Fighting With Japanese.

Disguised as Men They Are Handling Guns for Mikado.

PORTLAND, May 4.—A special to the Telegram from Victoria, B. C., says:

Richard Chester of Tanegashima Island, Japan, a contractor for the Japanese government, is in this city en route to the Orient. He states that at least 10 per cent of the Japanese soldiers now in the field are women disguised as men. He says that the average Japanese woman of the coolie class is as strong, if not stronger, than the men.

Mr. Chester asserts that prior to last December Japan had landed 120,000 men in the vicinity of Ping Yang, Korea, from which point they were quietly distributed through that country. These men were all fully armed and prepared to keep the field for an indefinite period.

HEARST IN THE NORTH.

BATTLE FOR WASHINGTON DELLEGATES IS SCHEDULED FOR TOMORROW.

SEATTLE, Wash., May 4.—The Democratic State convention meets in Olympia tomorrow to elect a delegation of ten to attend the Democratic National convention in St. Louis.

The only serious fight that will occur in the convention will be the struggle of the Hearst men to control the naming of the delegation to St. Louis and to endorse Hearst.

It is not yet decided whether the Hearst men will attempt to instruct the delegation to vote for Hearst, as some of the Hearst leaders would be satisfied with an expression that showed a friendly interest in the New Yorker's candidacy.

Control of the convention is claimed by both the Parker and Hearst factions.

TAKE POSSESSION OF CANAL ROUTE.

PANAMA, May 4.—The United States Canal Commission today took formal possession of the canal route and of the property of the Panama Canal Company. From today the canal works will be under the direction of Major Mark Brooke, of the engineer corps of the United States army, who represented the canal commission at the ceremony of the transfer.

Immediately after the transfer the United States flag was hoisted over the legation and over the canal offices in the Cathedral Plaza.

CLOUDBURST STOPS ALL THE TRAINS.

AUSTIN, Tex., May 4.—As a result of the cloudburst in Central Texas and this section, not a train is moving north. About five miles of the International and Great Northern tracks have been washed out here. Five children were drowned in a creek five miles from Austin. Fields are under from four to eight inches of water to the south of here for fifteen miles. Rivers and creeks are swollen far beyond their banks.

SAM'L PARKS PASSES AWAY.

THE LATE SAMUEL PARKS.

Former New York Labor Leader Dies in Prison.

OSSENING, N. Y., May 4.—Sam Parks, the New York labor leader, who was sent to Sing Sing prison after his conviction on a charge of extortion, died in the prison today. He had consumption at the time of his conviction and had failed rapidly since he was sent to Sing Sing.

Parks after his first conviction was brought to the prison on August 27 last. On securing a new trial he was released on bail on September 5. After his second conviction he was brought back to the prison on November 6 to serve a term of two years and three

months. He was at first put to work in the fibre brush shop but his condition became such that he was admitted to the hospital and was there up to the time of his death.

Sam Parks was prominent for years in labor circles, being a leader in Chicago before coming to New York and the loyalty to him of his associates was remarkable.

He was walking delegate, or business agent of the local Housecarlth's Bridgemen's Union for several years and it was under his leadership that

ONE OF THE BLOODIEST FIGHTS IN HISTORY.

Russians Fought Like Bulldogs But Were Finally Whipped.

ST. PETERSBURG, May 4, 12:40 p. m.—The gloom which prevailed here yesterday was almost completely dispelled this morning when the people read the story of the glorious fight made by General Zassalich's handful of rough regiments against the flower of the Mikado's troops at the Yalu and of the utter defeat of Vice-Admiral Togo's new attempt to seal up the entrance of Port Arthur.

RUSSIANS IN BATTLE.

It is plain that more than 8000 Russians were actually engaged in the fight at the Yalu against the Japanese army of a total strength of between 30,000 and 40,000. The losses on both sides, which are expected to reach 1000 and possibly 1200 in the Russian force and twice that number for the Japanese, make it one of the bloodiest fights in history.

At the river crossing the Japanese dead lie piled up literally in heaps and General Kuropatkin's success was purchased at such a heavy cost that the Russians are disposed to regard it as rather a defeat than a victory for him.

General Kuropatkin's dispatch shows that the Russians fought with such

bulldog tenacity and bravery against the overwhelming superiority of the

(Continued on Page 5.)

ADMINISTRATOR'S AUCTION SALE.

The extra fine furniture, carpets, piano, china, ware, trunks, etc., of the late J. A. O'Keefe, the retired English actor, at 540 Franklin street, Oakland. Sale Thursday, May 5, at 10:30 a. m.

J. A. MURPHY & CO., Auctioneers, Office 1601 Park street, Alameda, Cal. Tel. Alameda 435. Rooms 412-413 Call Bldg., San Francisco. Phone Main 6127. Auction sales of furniture at private homes a specialty.

PRESIDENT OF EBELL CLUB HAS RESIGNED.

Mrs. J. B. Hume Retires on Account of the Ill Health of Her Husband.

Mrs. J. B. Hume, recently elected president of the Ebell Club, one of the exclusive women's clubs of this city, presented her resignation at a meeting of the organization yesterday on account of the serious illness of her husband. After a demur on the part of her many friends, in which she was urged to take a vacation, which she declined to consider, the resignation was reluctantly accepted.

At the present time the club is without a presiding officer.

Mrs. C. W. Kinsey, vice-president of the society, however, will temporarily fill the vacancy and may be elected to the unexpired term of the presidency.

The action of Mrs. Hume in pre-empting her resignation occasioned much surprise among the members of the organization and it was only when the cause was explained that they were able to understand Mrs. Hume's motive in resigning so soon after being elected to the office.

This, however, it is said is characteristic of her and led by a high sense of duty she is unwilling to in any way allow her pleasures to encroach upon what she deems to be her first duty.

In an interview this morning Mrs. Hume said:

"The serious illness of my husband is the sole and only reason for my action in resigning from the presidency of the club."

In resigning from the presidency of the Ebell Club, she has had a decline in the last three or four weeks and I am not able to give any attention to the duties devolving upon the president of such an organization. If he recovers it will necessarily be slow and it will be a long time before I shall be able to think of club work.

"I am sorry that I have to take the course I have taken in this matter, for it is work in which I am much interested. I have many warm personal friends in the club and regret severing my connection with the society in which they saw fit to elect me president. This, however, I felt I must do and after some little demur the club yesterday accepted my resignation."

The officers of the club as they now stand are:

First vice-president, Mrs. C. M. Kinsey, second vice-president, Mrs. J. J. Taylor, recording secretary, Miss Eva Powell, financial secretary, Miss Jennie Hill, corresponding secretary, Miss Ralph W. Kinney, assistant secretary, Mrs. George M. Shaw, treasurer, Mrs. Z. T. Gilpin, general curator, Mrs. S. W. Chubbuck.

The membership committee includes Mrs. Edward Booth, Mrs. George E. Collins, Mrs. T. G. Harrison, Mrs. W. G. Palmanteer, Mrs. George Rodolph.

statement showing the result of continuous advances made in freight rates, a copy of which will be mailed to you from Washington by the secretary of our committee, from which it appears that the average rate on the entire traffic of the country since the year 1900, 12 1/2 cents per ton, has increased to 15 1/2 cents per ton, resulting in an increase in freight charges during the past three years of over \$300,000,000 in excess of what they would have been at the rates previously charged; that the increase in the last year alone having been over \$155,000,000. That so large an advance is unnecessary and unwarranted is apparent from the fact that the net earnings of the past three years show an increase of over \$150,000,000 with only a slight increase in mileage.

"The increase resulting from advances in rates on a few leading commodities, in what is termed, 'official classification territory' alone, for the year ending June 30, 1903, is given as follows: 3d, nearly \$2,500,000; sugar nearly \$1,200,000; iron and steel, about \$4,000,000; bituminous coal, over \$10,000,000; and lumber about \$6,000,000. Truly yours,

"E. P. BACON,"
"Chairman."

The annual meeting of the Merchants' Exchange of Oakland, for the election of directors for the ensuing year, will be held at the Hotel Hamilton, 1000 Broadway, at 8 o'clock, on Tuesday, May 10, 1904. The poles will be open from 4 to 8 p. m.

FLOTO SHOWS TO BE HERE MONDAY.

One of the pleasantest and most profitable hours that can be spent anywhere may be found in the enormous menagerie department of the Floto Shows to appear here next Monday. There is not a great deal of opportunity offered elsewhere for a practical study of animal life. The relations of the wild animals of the world to mankind are but little understood. The animals of creation are nowhere greater than in the strange and diversified forms of animal existence, as exemplified in wild and untamed and unmanageable beasts. Scarcely any idea of the great cardinal principle of progress in animal life evolution may be had without a knowledge of wild animals. The wise men of the world know this fact and in order to make such knowledge available, as well as to entertain the masses, have established in the larger cities of the world zoological gardens. But they are enormously expensive institutions and only the wealthiest communities can afford them.

It is because these great shows make one of the many features of their exhibitions a menagerie that is complete in every particular that they are of incalculable practical benefit to any and every community they visit. Years of study of zoology in books is not so effective as an hour spent in this menagerie. And when during this hour the eye is amused by the antics of the monkeys, the maitail at the study of zoology in books is not so effective as an hour spent in this menagerie. And when during this hour the eye is amused by the antics of the monkeys, the maitail at the study of zoology in books is not so effective as an hour spent in this menagerie.

It is for this reason that the doors of the shows are opened an hour before the beginning of the arena performance. It is really a duty to get to the shows early enough to allow the children ample time to see all the animals, and an hour is none too long for a hasty inspection of them all.

MAY CAUSE ANOTHER STRIKE.

CHICAGO, May 4.—Building operations in Chicago will be retarded seriously unless the stone, lime and cement teamsters make terms with their employers. The drivers started their fight for higher wages by calling strikes on two concerns. The employers, driven to organize to protect themselves, have now declared a lock-out.

The dealers met and formed the association of manufacturers and dealers in building materials. All the larger concerns in the city were represented. The organization decided by unanimous vote to close every plant today pending a settlement.

The stone and lime teamsters who have been receiving \$2.25 a day, demand \$2.50.

BUTCHERS PLAN TO HAVE A LARGE TIME.

JOHN F. ERHARD.

John F. Erhard is working strenuously to make the picnic, carnival and barbecue, which is to be given under the auspices of the Butchers' Union at Idora Park, May 6th and 7th, a grand success. He is secretary of the picnic committee.

There will be many delightful features at this picnic, among them being dancing, races, ball games and performances in the theater. Many prizes are to be given away.

The barbecue will be held Saturday night and will be managed by Don Lorenzo Caballero.

RUSSIANS BURN CUSTOMS HOUSE.

SEOUL, Korea, May 1, 5 p. m. (Delayed in transmission.)—A customs officer at Sangju named Olsen, a Norwegian, reports that many Koreans, who are naturalized Russians, accompanied the scouting expedition of Cosack cavalry as interpreters, all being well received by the local officials. The captain of the Cosacks, after personally firing a customs warehouse, accompanied by a party of soldiers, searched the office which he was finally persuaded not to burn down. When it was explained to him that the property was Korean and not Japanese, he threatened to arrest Olsen as a Japanese spy. English missionaries who have successfully interceded with the civil authorities at Vladivostok have been urged to notify the Governor of Hankeungdo that Russia is Korea's truest friend and to warn Korean vessels not to enter Vladivostok harbor which has been extensively mined, except during the hours of noon, also to request the people to aid the Russian troops with provisions and guides.

WEATHER REPORT FOR MONTH OF APRIL.

Charles Burckhalter of the Chabot Observatory has prepared the following weather report for the month of April:

BAROMETER

Mean barometer of the month	30.025
Highest barometer of the month	30.30
Lowest barometer of the month	29.69
Monthly range	0.61

THERMOMETER

Mean temperature of the month	58.2
Mean temperature of warmest day	69.0
Mean temperature of coldest day	47.4
Maximum temperature, 10th	82.0
Minimum temperature, 4th, 22d, 23d	42.0
Mean highest temperature	67.8
Mean lowest temperature	48.8
Greatest daily variation, 8th	30.0
Least daily variation, 2d	10.0
Monthly range of temperature	40.0
Mean daily range of temperature	18.8

PRECIPITATION

Rainfall in inches during the month	1.18
Rainfall in inches since July 1	23.61

RELATIVE HUMIDITY

Mean relative humidity of the month	88.36
Highest humidity for 24 hours, 25th	97.0
Lowest humidity for 24 hours, 22d	80.5
Maximum humidity 5th, 6th, 25th	100.0
Minimum humidity, 15th	74.0
Monthly range	26.0

WEATHER

Number of clear days	14
Number of fair days	7
Number of cloudy days	19
Number of days in which rain fell	7
Number of mornings of low fog	0
Number of mornings of high fog (overcast)	4
Number of mornings that frost was seen	0

WIND & OBSERVATIONS

North	3
Northeast	0
East	7
Southeast	9
South	2
Southwest	10
West	51
Northwest	7
Greatest velocity for one day, 19th	26.1 miles
Greatest velocity for one hour, 14th, 15th	16 miles
Average daily velocity	12.9 miles

OTHER PHENOMENA

Very slight earthquake, 12th, 5.15 28 p. m. Very slight earthquake, 21st, 3.51 10 a. m. Earthquakes hardly registered.

CHARLES BURCKHALTER

Laid in the grave.

Friends of the late J. H. Shields assembled at Brown's undertaking parlors yesterday to offer their last respects to the dead. The funeral was conducted under the auspices of Lyon Post, No. 8, G. A. R., and the Typographical Union, to which deceased belonged. The remains were incinerated. The following acted as pallbearers: From Lyon Post, G. A. R., H. L. Longfellow, H. B. Kirby, John Smith and J. A. Colquhoun, from the Typographical Union, P. D. Hall and J. C. Hallow.

Wouldn't You Kick

If the Dr. held up his finger at you at breakfast and said: "It's that COFFEE, you know that causes your stubborn, sick spells and my medicines are useless, fighting against the daily poison to your nerves you take in coffee. You simply cannot get well until you quit coffee, so if you continue to use it we must all consider you like to be sick all day as an exchange for the pleasure of a cup of coffee in the morning."

How We Do Hate Facts

And keep on drinking coffee and enjoying the headaches, stomach and bowel troubles, nervous prostration and the whole train of disorders that follow, after we have used coffee long enough to build in the diseased cells, and when these cells exist we simply cannot be well. We must stop the daily poison of coffee and let good old Dame Nature make new and perfect cells for us.

A Pleasant Way Out

And an almost immediate comfort and relief is to quit coffee absolutely. Have as many or more cups of Postum Coffee, but be very sure to know—insist upon knowing that it has been boiled, actually boiling, not less than 15 minutes. Many cooks try to prepare Postum by 5 or 6 minutes boiling, but that will not do. Of course there's no harm in drinking a weak, insipid cup of underboiled Postum, but where's the use, when it can be had rich, deep brown, with a decided crisp coffee snap, hot and delicious. Don't let them serve it to you half made. After a day or two you will find (probably to your surprise) that the old sick troubles are better.

That's Your Cue. Follow It.

POSTUM COFFEE

Look for the miniature book, "The Road to Wellville," in each package of Postum and Grape-Nuts.

RUSSIANS STOP STEAMER.

PORT SAID, May 4.—The Peninsula and Oriental steamship Osiris, nine hours out from Brindisi has been stopped, boarded and her mails examined by the Russian warship Krabin, which fired a blank shot across the Osiris' bows. The Russian detained the Osiris for two hours searching the mails. They demanded the Japanese mails, but these were at the bottom of the mass of post matter and remained untouched.

PAVLOFF RETURNS.

TIEN TSIN, May 4.—M. Pavloff, Minister to Korea, who left some time ago for Mukden to visit Viceroy Alexieff, returned here today.

"THE CRISIS" AT MACDONOUGH.

ISABEL IRVING WILL BE SEEN AT THE LOCAL PLAY-HOUSE.

The long promised engagement of Isabel Irving and her Eastern company at the Macdonough is set for the nights of May 7 and 8 when the delightful comedienne will present "The Crisis" with all the wealth of scenic equipment, the delightfully quaint old costumes and the nearly perfect acting which has won for this star and her company the reputation of being the best seen in years.

Miss Irving has been starring in "The Crisis" for two years, she has played in all part of the country, north and south, east and west and everywhere the verdict is the same, success.

Local play-goers may rest assured that the play will be staged here with exactly the same attention to detail, the same historical accuracy, and the same artistic finish which marked so signally its two weeks' engagement in San Francisco, when in spite of the fact that Miss Irving was playing in the majestic, a new Theatre, not half finished, entirely unheated, she played to a succession of crowded houses.

There are few actresses now on the stage who can hold an entire audience for the evening when every one is compelled to sit wrapped in furs and yet this is what Miss Irving has done for fourteen nights in San Francisco.

This will be the only opportunity to see Miss Irving this year as she departs almost immediately for the East and will not return in all probability for two or three years as a tour of the world in "The Crisis" is in contemplation.

THE FOUR COHANS.

Last spring, The Four Cohans and their company produced for the first time on any stage, the new musical comedy, "Running For Office," by George M. Cohan under the personal direction of Mr. Fred Kibbe. The Cohans and their clever company appeared in New York during the months of April, May and June, scoring probably the greatest hit ever known in the metropolis. The New York Journal said: "Here is a real hit. And certainly was 'great' as it received the unanimous endorsement of the New York press and the veteran theatre-goers of the great city. There were many anxious first nighters, nervously awaiting the initial performance of the Cohans in their new play and when that time came, they were there in full force, newspaper critics, managers, actors, actresses, composers, authors, city officials, road representatives and local politicians, flocked to see it.

"Running For Office" ran and ran fast and furiously right into public favor and remained there until the weather and a long and strenuous season caused a break in the original production here. The Cohans and their company gave the original production here at the Macdonough Theatre next Tuesday and Wednesday nights, May 10 and 11. The cast and chorus, in the latest equipment of the New York production will be seen. It is a big company and a great one.

RUSSIANS STOP STEAMER.

PORT SAID, May 4.—The Peninsula and Oriental steamship Osiris, nine hours out from Brindisi has been stopped, boarded and her mails examined by the Russian warship Krabin, which fired a blank shot across the Osiris' bows. The Russian detained the Osiris for two hours searching the mails. They demanded the Japanese mails, but these were at the bottom of the mass of post matter and remained untouched.

PAVLOFF RETURNS.

TIEN TSIN, May 4.—M. Pavloff, Minister to Korea, who left some time ago for Mukden to visit Viceroy Alexieff, returned here today.

AN OFFICER'S VACATION.

Officer J. C. Mulgrew of the local police force will leave today for a visit in Lake County, where he is to spend his vacation. He will be accompanied by his wife, whose parents reside in Lake County, his son and his mother. The family party will spend some weeks among relatives near Kelseyville.

DIAMONDS GO UP.

NEW YORK, May 4.—Diamond importers have been advised of another advance by the European syndicate in the selling price of stones. The change amounts to 5 per cent and affects all grades of uncut diamonds.

Perrone & Hardy Saw It.

THEY MADE ALL THE TESTS AND SAW THIS CASE OF BRIGHT'S DISEASE GRADUALLY YIELD TO FULTON'S RENAL COMPOUND.

We now attest the following facts: Some months ago a valued customer of ours, a Mr. S., was swollen with dropsy, due to Bright's Disease, and was thoroughly discouraged. Although he had been treated for years by physicians the disease was continually progressing.

He believed that he try Fulton's Renal Compound as there were reports that it had cured such cases. The very day he started on it we tested for albumen and found nearly 40 per cent by bulk.

The first bottle showed no results. The second showed a slight reduction. This reduction continued week by week until a few days ago, when he was in and the test showed only the faintest trace of albumen. He moreover said that his dropsy had entirely disappeared; that his heart was again all right and that he was as he could see as well as ever.

He could not restrain his astonishment saying: "I feel that after everything had been done and both the text books and the experience of physicians pointed out that I was in a most certain death, yet that here I am well and free of all this." The convincing feature to us was the remarkable certainty of results as shown by the gradual reduction at each weekly test. We never saw such definite results and that, too, in a disease that is supposed to be incurable the world over.

PERRONE & HARDY,
Druggists, 724 Montgomery Ave., San Francisco, April 1904.

If you have any question as to the curability of Bright's Disease and Diabetes send for our free booklet of agents to the Jno J. Fulton Co., 409 Washington St., San Francisco. About 87 per cent recover. Compounds at all first-class druggists in this city.

THIBETANS ARE FORTIFIED.

NEW YORK, May 4.—A report brought by a mounted infantry dispatch rider is to the effect, says a Times' dispatch from Gyang Tso Fort, Tibet, that the further side of the Karo Pass, on the direct road to "Hast," is strongly held by the Thibetans.

Some of whom were drawn from the late garibson, Gyang Tso Fort. The British reconnoitering party, after crossing the summit of the pass and descending a short way, saw the road barred by a wall, and suddenly a heavy fire from Jangals and European rifles was opened, bullets striking the ground all round, but causing no casualties.

The number of Thibetans is estimated at 1600 and their position may threaten the British line of communication with Khamga.

No reply was made to the Thibetans except two or three shots to keep down the enemy's fire during the retirement. This action on the part of the Thibetans finally disposes of the possibility of any useful purpose being served by the visit of the Amban from whom Colonel Cunningham has received no further communication. It suggests, indeed, that the only object of the visit is to gain further time for the defense of Lhasa and probably for the arrival of expected help from the north.

AN OFFICER'S VACATION.

Officer J. C. Mulgrew of the local police force will leave today for a visit in Lake County, where he is to spend his vacation. He will be accompanied by his wife, whose parents reside in Lake County, his son and his mother. The family party will spend some weeks among relatives near Kelseyville.

DIAMONDS GO UP.

NEW YORK, May 4.—Diamond importers have been advised of another advance by the European syndicate in the selling price of stones. The change amounts to 5 per cent and affects all grades of uncut diamonds.

TAFT & PENNOYER

Does All Government Rest on Divine Authority

Originally the government of the Jews was a theocracy. When the form was changed to a monarchy the priesthood still asserted the power of confirming the right of succession and the authority to act as counsellors of the King and to mark out the paths of his conduct. This has been an ecclesiastical contention ever since government and religion have existed, and in it is the kernel of the cardinal tenet of despotism, the divine right of kings. Thus there was combined two dogmas—first, that all spiritual truth rests on authority represented to be divine but asserted by man; and second, that all government rests on divine authority. Hence the doctrine of non-resistance to constituted power. By combining in themselves the functions of both spiritual and temporal rulers kings assuming to be divinely appointed have asserted supremacy over the souls as well as the bodies of their subjects. Then they took another step and assumed to be divine themselves. Witness Nero and other Roman emperors. Prophets there were also who claimed to be directed by God to assume the reins of temporal power.

Recently Rev. Lyman Abbott who has been tilting at the doctrine that the right of government rests upon the consent of the governed, has reasserted the ancient ecclesiastical dogma that all government rests upon divine authority. The San Francisco Leader endorses this theorem, and in support of its position quotes from St. Paul as follows:

"Let every soul be subject to the higher powers, for there is no power but from God. And those that are, are ordained of God. Therefore he that resisteth the power, resisteth the ordinance of God. And they that resist, purchase to themselves damnation. For princes are not a terror to the good work but to the evil. Wilt thou then not be afraid of the power? Do that which is good; and thou shalt have praise from the same. For he is God's minister to thee for good. But if thou do that which is evil, fear, for he beareth not the sword in vain. For he is God's minister; an avenger to execute wrath upon him that doth evil. Wherefore be subject of necessity not only for wrath, but also for conscience' sake."

This is taken to mean that St. Paul asserted that Nero reigned by authority of the most High God. It is a severe imputation on the Creator. Christ also said, "Render unto Caesar the things that are Caesar's," and this can be taken as asserting that the wretched tyrant Tiberius ruled by divine authority. It may be asserted that Tiberius and Nero were punished for abusing divine authority; but it is rather a reflection on the wisdom of divinity to assume that it makes mistakes in choosing its agents.

If St. Paul's words be construed literally, and taken as an inspired utterance, there could never be a change in the government or in political systems. He says, "Therefore he that resisteth the power, resisteth the ordinance of God." It follows that all resistance to tyranny however grinding, corrupt and debasing, is impiety. Consequently, the patriots of 1876 flew into the face of Providence when they threw off the yoke of King George. But if that was an impious disobedience to a mandate of the Almighty, whence comes the divine authority which Dr. Lyman Abbott claims for the United States government? King George himself reigned in a country whose dynasties and system of government had been overthrown by violence and insurrection dozens of times. Whence came his divine ordination to rule? Who will stand up and say that God sanctioned and directed the infamous rule that prevailed in Ireland for six hundred years?

Authority does proceed from God in a sense, as fire comes from Him, but it is vested in His people just as the use of fire is left to their discretion. But He no more authorizes any particular form of government or clothes any individual or family with authority than He instructs the Hotentot as to the use of his breechcloth or orders the tribal customs of any savage race.

God gave man His law and the intelligence to construct systems of government suited to his advancement in civilization and the arts and then left the matter in his hands. Any other theory is incompatible with the teachings of history. For governments have been overthrown and effaced times without number. "Princes are not a terror to the good work, but to the evil," saith the Apostle, who is also kind enough to remark, "and they that resist, purchase to themselves damnation." Verily none of us have a ghost of a show—unless, perchance, St. Paul was only giving the brethren a little worldly wisdom by way of keeping them out of trouble with the legions of the gentle Nero.

In France there was the rule of the Bourbons, and an infamous rule it was, too. The people overthrew it and erected on its ruins a madcan revelry of blood, horror, atheism and license. Did this rest on authority? Presently the Convention was broken and the Directory took the reins—another violent change in direct opposition to St. Paul's teaching. By what authority did the Directory rule? Then Napoleon kicked the Directory out and crowned himself Emperor. Down he went; the Bourbons came back, were chased out again, and for a hundred days Napoleon held the divine authority. Three times since has the system of government in France changed. We might say that this was by direction of divine justice if St. Paul had not said to the Romans, "he that resisteth, purchases damnation to his soul."

Our San Francisco contemporary says: "The authority is divine, but the manner of selecting the officeholder is a question for the state itself. As long as the various vested interests and the laws of justice are observed, it does not matter whether the magistrate is chosen from a certain family, as in kingdoms, or selected by lot, or by a majority of votes, or by the acquiescence of the body politic. Once he is inaugurated, he holds that authority, and he be good or bad or indifferent, even Nero, even King Theebaw, he rules with the power from God." The state is the people! What then becomes of the Apostle's assertion that resistance to existing authority purchases damnation?

The Monroe Doctrine is rather too lusty and too well established to be overthrown by one German professor at Harvard. But Professor Muensterberg will probably have a good sale for his book abroad, and that is probably why he wrote it. That probably explains also why he had it published in Berlin. Americans do not take it seriously, and are not likely to spend money buying it while he says the Monroe Doctrine is "out worn," he is wise enough to advise his countrymen to let it die a natural death. That is all right; but there would be trouble if anybody tried to strangle it.

The Niles Herald has been consolidated with the Washington Press and is now issued under the editorial management of E. B. Thompson and Fred E. Adams, the latter of whom also conducts the Pleasanton Times. The Press is now issued at Niles and is a neat and newsworthy paper. It is a great improvement over either of its predecessors, and promises to represent the interests of the rich and growing region around Niles and Centerville with ability and credit. The field is a good one for one good paper, but when two try to live in it the result is poor paper and a poor living for their proprietors. The people of Washington Township are to be congratulated on the consolidation, and the proprietors of the Press are to be congratulated on turning out a good paper.

The Threatened Car Strike Avoided

The public will breathe easier now that the threatened street car strike in San Francisco has been averted. In the end wise counsels prevailed and the carmen receded from a radical position which was not sanctioned by public opinion. In doing this they have met with a concession that must be commended as entirely just. While the company retains the open shop and the right of summary discharge, it agrees to recognize the union and not to discriminate against its members, no objection to employees joining the union will be made, and the company officials agree to confer with the president of the union in the matter of discharges without adequate cause. This is fair. Men should not be discharged without adequate cause, nor discriminated against because they belong to a union, nor restricted in their right to join organizations for their own protection. If the agreement is kept in good faith, a long peace may be looked for so far as the street railways of San Francisco are concerned.

An equitable adjustment can be permanent or satisfactory only when the mutual obligations entered into are observed in entire good faith, and the obligation of good faith resting on the United Railroads is a large one. Public opinion held back from supporting the demands of the carmen and viewed the threat of a strike with extreme disfavor, but if the company fails to carry out its agreement with its employees according to its spirit and letter, public sentiment will promptly shift to the side of the aggrieved carmen. Keeping the agreement to the ear and breaking it to the heart will not answer nor will it deceive.

The public will only back the company so long as it deals in good faith, and this it has not always done either with its employees or the public. In the past the carmen have not received such treatment as to excite in them feelings of either gratitude or loyalty to the corporation. They are fairly well

treated now because they have by organized effort wrung fair treatment from the company. If they have gone a trifle too far, the fact is not to be wondered at; having been taken advantage of in their weakness it is not strange that they should push an advantage in their strength.

The lesson of the troubles the United Railroads has had with its employees is one that should be studied and taken to heart. Good faith and fair play are the bases of industrial peace. Wrongs provoke wrongs and unfairness begets unfairness. Where there is good faith there is good feeling, even when differences occur. Suspicion and distrust are the fruit of double-dealing and juggling with terms and meanings. When both sides to a controversy approach a settlement in a fair spirit and with the honest intent of abiding by the decision there is small danger of a serious misunderstanding. Many of the most serious labor disturbances in the country have resulted from subtleties, trickery and bad faith on the part of employers or their agents. If the Citizens' Alliance will compel good faith, it will not find the work of industrial pacification so difficult.

The Harrison machine in Chicago was run over and badly smashed by the Hearst band wagon. All the newspapers in the city but one was with Harrison. This recalls the time when Harrison's father was elected Mayor with all the newspapers fiercely fighting him. The son seems to have got in with the newspapers and fallen out with the voters.

The convicts in the Oregon penitentiary have revolted against the quality of the board furnished in that institution. It does not seem to have occurred to these proud-stomached gentlemen that they could have avoided the penal fare of the Webfoot State by refraining from committing crime. They may console themselves for the quality of the food, however, by reflecting that they do not have to pay for it, that is left for honest folk on the outside to do.

A DEMOCRAT SUPPORTS HORNER

Brother Henry of the Livermore Herald complains because Dr. Emerson of Centerville expresses his intention to support Supervisor Horner for reelection this fall. He takes the ground that because the Doctor is a Democratic County Committeeman, he should support a man of that political belief or else resign his position on the committee. We cannot see why the Doctor should not support the man he believes to be best fitted for the office, irrespective of party, especially an office which is of purely local interest and around which party lines should not be too closely drawn. Dr. Emerson's support of Mr. Horner does not make the former any the less a Democrat, but simply shows that he believes what many others of his political faith do, that it would be impossible to find a better man for the office and that on his record alone, Mr. Horner should be re-elected.—Washington Press.

Chips From Other Blocks

CHARGE OF TRAIN WRECKING.

CANON CITY, Colo., May 4.—The sealed verdict which the jury brought in in the case of Myron Aldrich, the young boy charged with train wrecking, has been opened by Judge Bailey and found to be not guilty. The prosecution at once moved the dismissal of the case against William Derton, believing that, under the above conditions, conviction was impossible. Lowell Ellis, the third boy charged with the crime, was found guilty by the jury a few days ago, but has not been sentenced.

RAVAGING PATH OF HURRICANE.

BRINGS DEATH AND DESTRUCTION TO NATIVES OF FRENCH INDO CHINA.

SAIGON, French Indo. China, May 1.—A hurricane ravaged Cochin-China May 1st. About a hundred natives were killed and great damage was done. All the telegraph lines in Saigon were destroyed. Many vessels sustained injury, but otherwise there was no damage to shipping, though small craft in minor ports suffered.

WANTS DAMAGES FROM TRANSIT COMPANY.

Claude L. Assalein has commenced suit against the Oakland Transit Company to recover the \$20,000 damages. The suit is brought through Mrs. May J. Robinson, guardian of the boy. It is alleged that the boy was riding on a car across the street when he was struck by a delivery wagon of the People's Express Company. Assalein was standing on the steps of the car when the accident occurred. The boy's skull was fractured, the flesh was torn from one of his legs and he was otherwise badly cut and bruised.

SAM'L DINSMORE DEAD

Samuel Dinsmore, aged 74 years, a native of New Hampshire, died yesterday at his home, 1800 Adeline street, of heart disease.

Mr. Dinsmore was one of the pioneers of California, and figured as a prominent member and leader of the famous Vigilance Committee of 1856 in San Francisco.

He came to the Pacific Coast in 1850. Soon after his arrival he started a foundry at the corner of Market and Fremont streets in San Francisco. He was then associated with William T. Coleman, after which he went to Seattle and engaged in business. When he returned to San Francisco he became superintendent of the W. J. Garrett brass foundry, but retired sixteen years ago and came to Oakland to reside. Mr. Dinsmore was the contracting engineer in the building of the Lake Chabot dam, which forms the principal source of water supply for this city.

He leaves two daughters, Mrs. Ann A. Woodworth and Mrs. Liza T. Clark, and one grandson, Elmer D. Woodward. The funeral will be from the family residence on Thursday afternoon at 2 o'clock.

"Ha! There, Mosquito"

CARMEN NOT TO STRIKE.

ACCEPT THE TERMS OFFERED BY THE UNITED RAILROADS.

SAN FRANCISCO, May 4.—At 2:10 o'clock this morning, at the Alhambra Theater, the Carmen's Union decided by a rising vote not to strike, and to accept the terms of the United Railroads, which included a signed agreement covering a period of one year.

Previous to taking the vote, Mayor Schmitz, who had pleaded with the men to accept the terms of the company, read a statement of his conference with the railroad officials and their reply.

When the statements of the Mayor and the company were read, President Mahon of the National Association asked the Mayor whether the men could rely upon the promises made by the company. The Mayor replied that he believed they could, but in the event of the company not keeping its word, he would stand by them.

President Cornelius of the Carmen's Union then took the floor and made a strong plea for a settlement of the difficulties.

When the vote was taken, and when it was found that more than two-thirds of those present decided against a strike, the theater rang with the cheers of those assembled.

After the vote had been taken, Mayor Schmitz made the following statement: "The strike is ended. I congratulate the people of San Francisco on the happy result of the peaceful solution of a strained industrial difference which has caused so much misery and suffering and on the continuance of unchecked tranquillity and prosperity."

"I thank the Carmen for their good sense, their conservative judgment and their friendly feeling, and I wish also to express my appreciation of the courtesy, affability and cool business ideas of the officials of the United Railroads, which made it possible to achieve the object so much desired and hoped for by all San Francisco—peace."

The position which I assumed by my personal intervention at the last moment when all hope of amicable adjustment had fled and both sides were outspoke for bitter war, was a most trying one. I am glad to say that on either side up to the moment of the construction of motive and on both sides likely to bring about dissatisfaction with the result and as a result to the best interests of this city.

If the Carmen had believed the account of those who say no man can tell upon what scene to-morrow's sun would have risen.

One of the concessions made by the United Railroads was a paragraph to be inserted as section 40, whereby the company agrees to the provisions of the agreement submitted by the union in section 20, which provides that no man shall be discharged for participating in this strike, up to the time of the present trouble, nor will they put any obstacles in the way of new men joining the union in the event of any such discharge.

The sentence which reads that a man discharged for "knocking down" shall not have the right of re-employment, is objected to by the executive committee of the union, and at midnight last night a vote was taken on the subject.

The result showed four in favor of accepting the terms of the company and four against.

The rate of wages agreed upon is as follows: Twenty-five cents an hour with 30 cents for overtime for first year men; 25 cents an hour with 35 cents for overtime for second year men; and 27 1/2 cents an hour with 40 cents for overtime for all platform men.

The company's offer of an agreement for three years must be accepted.

WILL CONSIDER MURDERER MADE WATER RATES. GOOD ESCAPE.

COMMITTEE OF WHOLE BEGINS SESSION TOMORROW NIGHT.

Commencing tomorrow night the Committee of the Whole of the City Council will meet to fix water rates. It is the intention of the committee to take testimony relative to the value of the water plant and fix the rates in accordance with the value thus ascertained.

It is probable that some of the experts who heretofore have been called to give testimony before the Council on the matter will be called again. Engineer Arthur L. Adams will testify on behalf of the water company.

President Dornin, of the Council, has not yet completed his interrogation of Engineer Adams relative to the value of portions of the water plant and will resume the line of questions which were dropped when the arbitration scheme was deemed feasible.

Tonight the Ordinance and Street Committees of the Council will meet.

IRVINGTON NEWS ITEMS.

IRVINGTON, May 4.—Mr. and Mrs. J. Chadbourn were tendered a pleasant surprise by their relatives Saturday evening. It being their tenth wedding anniversary. All was in readiness and at 8:30 the crowd walked in on Mr. and Mrs. J. Chadbourn and to the enjoyment of all it was a complete surprise.

Games were indulged in until a very late hour when a house of cards was spread. Many toasts were given by the gentlemen and a round of fun was kept up until a very late hour, when the guests departed, wishing the young couple many more happy and prosperous years. A great many useful presents were given them.

The next meeting of the Congregational Guild will meet at the home of Mrs. Joe Tyson of Miles.

Joe Twining, who has been to the springs for the past few weeks, has returned and is much improved in health, and his many friends hope he will now fully recover.

Mr. Sullivan, proprietor of the Irvington Hotel, spent a few days last week on his ranch near Milpitas.

Mr. and Mrs. A. Hirsch and child have returned from Santa Cruz, where they have been staying for a short time.

The youngest son of Mr. and Mrs. Miller, who has been very ill, is now out of danger.

Miss Fannie Cash of Oakland came up Saturday evening to visit her mother at the home of her parents in Irvington.

H. Cushing made a business trip to the bay cities Saturday.

Mr. and Mrs. Frank Carter spent Sunday in Santa Cruz visiting with Mr. and Mrs. N. Carter.

Mr. and Mrs. S. Cushing spent Friday and Saturday in San Francisco.

Mr. Levy of San Francisco was in town Sunday.

Miss Kittie Erick spent a few days of last week in Sausalito.

NEW SEWER FOR CEMETERY CREEK.

The Piedmont District Improvement Club met last evening at Oak Chapel, Alameda, to consider the proposed new sewer for Cemetery Creek.

The whole matter was carefully gone over and explained to the members present. There are a little over 3000 feet of sewer to be constructed.

The fund which must be completely paid in by the first of June in order that work may be taken up at once. If for any reason the contractor fails to complete the work by the first of December, the money which has been subscribed and held by the bank will be returned to the donors, and no money will be paid to the contractor until the sewer is completed in a manner satisfactory to the donors, and no money will be paid to the contractor until the sewer is completed in a manner satisfactory to the donors.

Agreements were signed up for several hundred feet last night and within this week and next, the above cost of the sewer will be signed for. The Oakland Bank of Savings has agreed to act as treasurer of the fund, which is to be held in a bank in the city.

The money which has been subscribed and held by the bank will be returned to the donors, and no money will be paid to the contractor until the sewer is completed in a manner satisfactory to the donors.

Trustee Pond advocated a plan to put in a bridge path on the line of Buena Vista or one of the other north side avenues for horseback riders of whom there are many in this city. The board considered the matter favorably and it was referred to the committee to investigate.

Trustee B. C. Combs reported that the expenses of the Street Department for April amounted to \$1,948.50. Regular bills amounting to \$1,335.50 and special claims totaling \$517.30, also the salary list for the month of April, \$5,115.30 were allowed.

The committee reported progress in the matter of extending Eagle avenue from Broadway to the western line of Pearl street.

WILL CONSIDER MURDERER MADE WATER RATES. GOOD ESCAPE.

COMMITTEE OF WHOLE BEGINS SESSION TOMORROW NIGHT.

Commencing tomorrow night the Committee of the Whole of the City Council will meet to fix water rates. It is the intention of the committee to take testimony relative to the value of the water plant and fix the rates in accordance with the value thus ascertained.

It is probable that some of the experts who heretofore have been called to give testimony before the Council on the matter will be called again. Engineer Arthur L. Adams will testify on behalf of the water company.

President Dornin, of the Council, has not yet completed his interrogation of Engineer Adams relative to the value of portions of the water plant and will resume the line of questions which were dropped when the arbitration scheme was deemed feasible.

Tonight the Ordinance and Street Committees of the Council will meet.

IRVINGTON NEWS ITEMS.

IRVINGTON, May 4.—Mr. and Mrs. J. Chadbourn were tendered a pleasant surprise by their relatives Saturday evening. It being their tenth wedding anniversary. All was in readiness and at 8:30 the crowd walked in on Mr. and Mrs. J. Chadbourn and to the enjoyment of all it was a complete surprise.

Games were indulged in until a very late hour when a house of cards was spread. Many toasts were given by the gentlemen and a round of fun was kept up until a very late hour, when the guests departed, wishing the young couple many more happy and prosperous years. A great many useful presents were given them.

The next meeting of the Congregational Guild will meet at the home of Mrs. Joe Tyson of Miles.

Joe Twining, who has been to the springs for the past few weeks, has returned and is much improved in health, and his many friends hope he will now fully recover.

Mr. Sullivan, proprietor of the Irvington Hotel, spent a few days last week on his ranch near Milpitas.

Mr. and Mrs. A. Hirsch and child have returned from Santa Cruz, where they have been staying for a short time.

The youngest son of Mr. and Mrs. Miller, who has been very ill, is now out of danger.

Miss Fannie Cash of Oakland came up Saturday evening to visit her mother at the home of her parents in Irvington.

H. Cushing made a business trip to the bay cities Saturday.

Mr. and Mrs. Frank Carter spent Sunday in Santa Cruz visiting with Mr. and Mrs. N. Carter.

Mr. and Mrs. S. Cushing spent Friday and Saturday in San Francisco.

Mr. Levy of San Francisco was in town Sunday.

Miss Kittie Erick spent a few days of last week in Sausalito.

NEW SEWER FOR CEMETERY CREEK.

The Piedmont District Improvement Club met last evening at Oak Chapel, Alameda, to consider the proposed new sewer for Cemetery Creek.

The whole matter was carefully gone over and explained to the members present. There are a little over 3000 feet of sewer to be constructed.

The fund which must be completely paid in by the first of June in order that work may be taken up at once. BERKELEY SUBURBAN NEWS UNIVERSITY

HARD BLOW FOR STUDENT TEACHERS. COLLEGE PROFESSOR'S WIFE OUTWITS OFFICER. PUBLIC OPEN-AIR CONCERTS. BAND WILL PLAY ON BERKELEY'S PLAZA EVERY THURS. DAY NIGHT. PROFESSOR FRANK SOULE WILL CONDUCT EXAMINATIONS AT THE UNIVERSITY IN A RIGID MANNER.

Berkeley Board of Education May Force the University to Establish a Training School.

BERKELEY, May 4.—In the future the University of California may have to look out for Berkeley for schools in which its embryo teachers may gain practice. The opinion is held by a majority of the members of the Board of Education that none but experienced teachers should be allowed to direct the children of the local department and now steps are being taken which will either force the State University to send its student pedagogues to gain their experience in the schools of outside cities or establish a training department similar to those at the State Normal Schools.

The suggestion to curtail the privilege that the University has always enjoyed was broached for the first time last night at the regular meeting of the Board of Education. The matter came up when Superintendent of Schools Waterman reported that he had been compelled to engage an extra teacher at the Lincoln School on account of the fact that the students who have been teaching at the schools are now engaged in taking their final examinations at college.

This was the signal for the protest from several of the School Directors who had announced that they believed better work could be done by the pupils if they received their instruction from one teacher and were not practiced on by the student teachers.

"Well, it's a question of reciprocity," protested Professor E. J. Wickson of the University of California, "who is a member of the School Board. It's a question of the cutting off of the privilege which has been enjoyed by the pedagogical department of the University would be showing the proper spirit. The students have always given their services free of charge to the school department and have saved the town considerable money. If the privilege is cut off the University will probably be compelled to send its students to Oakland."

Director Weir was in favor of having the State University maintain training schools similar to those in vogue at the State normal schools.

President Allen said that he could not see where the school department was under any obligations to the University and that Berkeley should not be expected to furnish the institution pupils to practice on.

City Superintendent of Schools Waterman declared that parents had come to him with complaints that their children should not be placed under any but experienced teachers.

The matter was finally brought to a close for the time being by referring the matter to a future meeting at which a report on the subject will be tendered by the City Superintendent and the principals of the various schools.

PEOPLE OF BERKELEY CHANGE THEIR RESIDENCE.

BERKELEY, May 4.—Mrs. A. A. Smith and Mrs. Elbert J. Smith, formerly of 1738 Oxford street, are now residing at the Walworth.

M. M. Bowman is now residing at the Berkeley Inn, 2850 Telegraph avenue.

Miss Julia Fleming has removed from the Berkeley Inn to the Hotel St. Francis, San Francisco.

Mrs. C. M. Arant, who has been visiting her relatives at 2405 Bonditch street, has returned to her home in Spokane, Wash.

H. A. Yeasell, who has been residing at 2534 Bancroft way, has gone to Lind, Wash.

Mrs. E. N. Cullin has changed her residence from 2250 Telegraph avenue to 483 Twenty-fifth street, Oakland.

Mrs. H. B. Seidel has moved from 2600 Hillegas street to 2642 Bancroft way.

A. C. Keane is now residing at 2502 Bancroft way.

Professor T. M. Putnam has changed his residence from 2595 Bancroft way to 2428 Bancroft way.

Mrs. Rowell, formerly Miss Grace Miller, has returned to Berkeley after a visit at Santa Rosa with her mother, Mrs. J. M. Miller.

Professor A. B. Anderson has returned to Colusa after a short business trip to Berkeley.

Charles Stearns has returned from a two weeks' visit in Los Angeles and Long Beach.

Mrs. Jacques Loeb Slams the Door in Policeman's Face and Then Goes Into Hiding.

BERKELEY, May 4.—Following the conviction of John Maley, of Telegraph avenue, in an Oakland justice court, on the charge of annoying co-eds and other ladies who had occasion to visit the campus, comes the story of how Mrs. Jacques Loeb, the wife of the noted scientist of the University of California, evaded the attempt of an officer to serve a subpoena on her.

Mrs. Loeb was a strong witness against the accused man but she steadfastly refused to appear in court. But the University police have been considerably annoyed through the offensive actions of the "hugger" and they were determined to produce all possible evidence against Maley.

When Officer C. W. Killian, armed with a paper, attempted to serve the

summons on Mrs. Loeb, he was met with a warm reception at the pretty Loeb residence at the corner of Addison and Oxford streets. Mrs. Loeb said to have shut the door on his face and to have ignored it in repeated and incoherent fashion. The officer, however, was not to be outwitted, so the next time he called he went to the back door and told the servant that he was the butler. Once inside the house he started a search for Mrs. Loeb much to the amusement of the startled servant. But although every room in the house was searched, Mrs. Loeb was not to be found. Whether she was not at home or secreted herself in some place unknown to the officer remains to be told. At any rate she did not appear as a witness in Justice of the Peace Quinn's court.

STUDENTS DEBATE IN SPANISH.

UNIQUE FORENSIC CONTEST IS HELD AT THE UNIVERSITY OF CALIFORNIA.

BERKELEY, May 4.—One of the most interesting events of the college year was the Spanish debate held yesterday afternoon by the students of the Spanish department of the State University. In Room 15, North Hall, each year it is the custom of the Spanish students to close the year with special exercises in Spanish. Last year a Spanish play was very cleverly presented by the students. This year the Spanish debate was held. The debate yesterday was held on the question: "Resolved, That the Latin race has done more for civilization than the Anglo-Saxon." On the affirmative were Mrs. Goodwin, Miss Reynolds, Miss Shenk and Mr. Gurney. They were opposed by Miss

Fleisher, Miss Fress, Mr. Baldwin and Mr. Glendon.

The judges, Professor Bernard Moses, Professor Putzker and Mr. Mueson, were to decide which side put up the best argument. The best individual speaker was the best Spanish speaker. After a long deliberation the judges awarded the debate to the affirmative. They chose Miss Reynolds of the affirmative as the best individual speaker and decided that Miss Reynolds was used by Mr. Gurney, also of the affirmative.

The speech of Miss Fress was also favorably commented on by the judges, who stated that on account of the excellence of the debate they had had great difficulty in arriving at a decision.

The debate was well attended by a great deal of interest in the speeches. A large number of students were present for the students of Spanish, both for those who spoke and for those who listened.

WEST BERKELEY BANK ELECTS NEW OFFICERS.

BERKELEY, May 4.—The West Berkeley Bank has elected the following directors: M. P. V. Albee, W. H. Gompertz, Francis Ferrier, D. A. Bruns, G. A. Wagner, A. Abbott, Ed. Ward, F. Niehaus, J. T. Renas and B. E. Underwood.

P. W. Albee was re-elected president of the directors and Dr. Francis Ferrier vice-president. H. H. Camper was elected cashier and William H. Waste was chosen attorney for the bank.

BAND WILL PLAY ON BERKELEY'S PLAZA EVERY THURS. DAY NIGHT.

BERKELEY, May 4.—The merchants about Berkeley station are enthusiastic over the proposed plan of holding weekly open-air concerts and the expense list has been liberally subscribed to. The first concert will be held next Thursday evening on a bandstand that is to be erected on the plaza. It is the intention to give the concert every Thursday night throughout the summer if the subscriptions are liberal enough to defray the expenses.

The following compose the band which has been engaged in practice for several months: A. E. Fouts, Eugene Simeone and C. J. Preston, cornets; P. Supero, A. J. Foster and E. Geiz, clarinets; George Ehrman and A. Potter, horns; E. Wells, C. Parrott and K. Sweeney, trombones; Joseph Kaiser, baritone; W. H. Ramsey, bass; S. Bachler, drums.

Nearly all the members of the band are well known soloists and solos will be given each evening that concerts are held. F. N. Barney is the band director.

The following well known citizens have been authorized to receive subscriptions for the concerts: Fire Chief James Kenney, L. H. Wagner, confectioner, W. R. Bond, druggist; A. E. Fouts of the Berkeley barber shop.

ARRANGE AN EXTENSIVE PROGRAM FOR SUNDAY.

BERKELEY, May 4.—The committee in charge of the concert which is to be given in the Greek Theater next Sunday for the benefit of the students' club house joins in a hearty invitation to all to attend the concert. Among the participants will be Miss Carolyn H. Little, soprano, who has just returned to San Francisco after a year of study in musical conservatories in Europe, Mrs. L. Snider-Johnson, contralto, S. Homer Henley, baritone and Karl Landauer, violinist. The University of California Glee Club will render two selections.

The program is in charge of Dr. H. J. Stewart, the well known organist, composer and musical critic of San Francisco. The concert next Sunday will be part of a series of original musical compositions by alumni and members of the faculty last December to raise a permanent fund. The fund is to be used in aiding students living in club houses at the University to make their college home more satisfactory and more homelike.

Professor Frank Soule Will Conduct Examinations at the University in a Rigid Manner.

BERKELEY, May 4.—Cheating in examinations is so common at the State University, according to the belief of Professor Frank Soule, of the civil engineering department, that he will employ stringent methods this year in conducting the semi-annual written tests of scholarship. That no voices of any kind may be brought into a classroom while the examinations are in progress, Professor Soule will require the students to purchase the blue examination books from his desk. To prevent books containing elaborately prepared notes from being substituted he will accept no papers that do not contain his stamp or signature.

An announcement that these elaborate precautions are to be taken was made this morning at one of the final assemblies of the Junior class.

The principle of the University is against anything that borders on dishonesty in cheating in examinations. Professor Soule said that he is sorry to say that cheating in examinations has been practiced to a great extent by members of the Junior class. During my examinations this term the members of the class will have to purchase their blank blue books at my desk. I will accept no papers that do not contain my stamp or signature and I will accept no papers that do not contain his stamp or signature.

ARRANGE A LONG ITINERARY.

EXECUTIVE COMMITTEE PASSES ON PROPOSED TRIP OF UNIVERSITY GLEE CLUB.

BERKELEY, May 4.—Final arrangements for the trip of the University of California Glee Club to the St. Louis Exposition were closed last night at the regular meeting of the executive committee of the State University Associated Students. Manager Ezra Desoto will depart as advance manager on Monday next and the singers will follow on May 22.

The following provisional itinerary which may be subjected to a few changes around the new police station on Broadway, Berkeley, was agreed on. Fresno, Berkeley, Fresno, Winona, Albuquerque, Santa Fe, Los Vegas, Las Junta, Pueblo, Colorado Springs, Denver, Hutchison, Emporia, Topeka, Lawrence, Fort Dodge, Sioux Falls, Rapid City, Pierre, Bismarck, Minneapolis, St. Paul, Chicago, St. Louis.

Bids for excavating the new athletic field in the Hillegas tract were received from W. J. Schmidt, W. B. and A. L. Stone and Whitely & Company. The proposals were referred to the committee.

"Big C's" and sweaters were ordered to be presented to the victorious oars-

GRADUATE EARNS ACADEMIC HONORS.

BERKELEY, May 4.—Orville C. Pratt, a popular graduate of the University of California with the class of 1902, has, during his two years' residence at Oxford University, England, where he is studying international law, distinguished himself in undergraduate activities, athletic and literary. His friends have just learned that he has won the enviable position of editor of the Lincoln College law journal, and has also been made president of the Lincoln College debating society.

Pratt is one of the wealthiest young men that have ever studied at Berkeley. He was a member of the Phi Kappa Phi of the State University, and did extraordinary work in the languages, although he never took the trouble to try for a degree. His friends have just learned that he has won the enviable position of editor of the Lincoln College law journal, and has also been made president of the Lincoln College debating society.

MORGAN TO PAY MILLIONS.

HOW THE CANAL MONEY WILL BE DISTRIBUTED IN PARIS.

WASHINGTON, May 4.—The President has received the following report from the Attorney-General on the Panama canal transfer:

"Department of Justice, Washington, May 4, 1904.—The President: I have the honor to report that I have made an arrangement with the New Panama Canal Company and Morgan & Company, whereby Morgan & Company have been designated agents to make the transfer of the money due by the United States to the canal company."

The \$40,000,000 is to be deposited with Morgan & Co. at once upon the delivery by the canal company to the United States of all the property, included in the purchase. Thereafter the deposit of \$40,000,000 with Morgan & Co. by the United States is accepted by the canal company as equivalent to the delivery of the purpose of a delivery of the property to the United States.

"Owing to the fact that a part of this money is due to the liquidators of the old company, under an arbitration award, authorized and subsequently confirmed by the French court, the money agreed that if Morgan & Company would bind themselves to make the distribution of the fund that delivery of the property need not await actual payment."

Morgan & Company will make the distribution as follows:

"They will place \$20,000,000 francs in the Bank of France to the credit of Jean Pierre Gautron, the liquidator of the old Panama Canal Company. This represents the value of the fund that delivery of the property need not await actual payment."

"The balance of the fund, \$20,000,000 francs, will be paid into the Bank of France to the credit of the new company and 50 percent to the credit of the old company, as provided by the decree of the French court, confining the said of this arrangement was made for the accommodation of the French parties all expenses incident thereto are born."

RUSSIANS KIND TO THE JAPANESE.

LETTER CARRIERS ELECT OFFICERS.

ST. PETERSBURG, May 4 (4:57 p. m.).—United States Consul Greener at Vladivostok has sent the following telegram to the United States Embassy regarding the treatment of the twenty-five Japanese officers and 184 men captured on board the steamer Kinkaku Maru, Naha-Maru and Goya Maru, sunk by Rear Admiral Jagan's squadron April 26:

"The survivors left here through a dense fog, soldiers and sailors guarding the treatment of the prisoners. The Japanese were deeply grateful for their kind treatment."

Russia has agreed to recognize and afford every facility to the four Japanese Red Cross ships Sakko Maru, Kobe Maru, Sakiko Maru and Kosa Maru.

ATLANTIC CITY, N. J., May 4.—A resolution has been adopted in the annual convention here of the National Cigar Leaf Tobacco Association asking Congress to investigate the leading tobacco company of the United States, charging that it is being conducted in violation of the Sherman anti-trust act.

Officers were elected as follows: President, J. A. Friedman, Chicago; vice-president, M. W. Brown, Cincinnati; treasurer, E. Eckerson, Philadelphia; secretary, Jonas Brown, Chicago.

RESUME WORK ON SEWER.

DIAS TRACT AT ELMHURST WILL SOON BE READY FOR GRADING.

ELMHURST, May 4.—Work has been commenced on sewer and grading of the "Dias Tract" by the Elmhurst Stone Company. At the present time the company has a large force of men digging trenches for the sewer pipe. Work on the streets and avenues will not be commenced until after the sewer system has been completed. In this way the street will not be disturbed after once macadamized.

TOWN NOTES.

Postmaster Frank Storer was a visitor in Oakland Tuesday.

B. Magnusson was a recent visitor in town. He is now located in Santa Cruz.

Miss George Lewis spent Monday in Alameda visiting with friends.

The shipwrecked ten candidates for membership will be initiated by the Elmhurst Circle, Companions of the Forest of America. Refreshments will be served after the degree work has been performed. Members of the lodge are engaged in a membership contest, which expires July 1. The winner will receive a gold pin set with pearls.

Mrs. M. D. Silva was a guest of friends in San Leandro Monday.

Miss Sadie Meyer has returned home from Napa where she has been visiting.

J. Soares and J. Pann have been engaged adjusting guy wires for the electric road in Elmhurst.

JUMPED FROM A TRAIN.

PRISONER TAKES DESPERATE CHANCE TO GAIN HIS LIBERTY.

OGDEN, Utah, May 4.—It is reported that a deputy sheriff from Butte was on the east-bound Southern Pacific train with a prisoner arrested somewhere in Nevada and that the prisoner attempted to escape by jumping from the train and was followed by a telegram from him saying that he had left.

According to Sheriff Quinn of Butte, he was to meet the officer with the prisoner at Ogden and received a telegram from his saying that he had left Tacoma, Nevada, for Ogden with the prisoner in charge. When the train arrived neither of the men appeared and two men on the train claimed to have seen them jump off. A search was immediately begun but neither could be found. It was then supposed they may have fallen into the river and this was thoroughly searched, but without result.

The prisoner is supposed to be the murderer, Lennox, and he was in charge of Deputy Sheriff Miller of Silver Box County.

WANTED IN BUTTE.

BUTTE, Mont., May 4.—Charles Lennox, for whom Sheriff Quinn of Silver Box County is searching in Utah, is wanted here for the murder of Charles Williams, a B. & O. freight conductor, at Silver Box Junction, this county, in May 1902.

Lennox was found guilty and condemned to death. In August 1903, he broke jail with six others, including his accomplice, James Martin. Martin was re-captured and hanged here last February.

Should Lennox be re-captured he will be hanged at once, as when he broke jail the Supreme Court abrogated his right of appeal.

WILL BUILD NEW GOLDEN GATE PARSONAGE.

FRUITVALE CONGREGATIONAL CHURCH TO HAVE HOME FOR PASTOR.

FRUITVALE, May 4.—At the last meeting of the trustees of the Congregational church held Monday night in the chapel of the church on Fruitvale avenue, definite plans were arranged for the erection of a parsonage. The plan for securing a good parsonage for the church involves the raising of the first \$1000 by the Ladies' Guild. The plan for the Ladies' Guild is as follows: Through the Ladies' Guild, \$100; through the Cadet Corps, \$50; by eight gifts of \$25 each, \$200; by forty gifts of \$10 each, \$400; by fifty gifts of \$5 each, \$250.

The Ladies' Guild have a good start, having netted from their two rummage sales, which were held here and in Oakland, \$120.

TWO BABIES BORN.

Mr. J. Grimes and wife, of Peralta avenue, were surprised by a twelve pound baby boy Monday. The mother and child are enjoying good health.

The stock visited the home of P. S. Olfner on Sunday leaving a fine pound of meat. The late arrival and mother are doing nicely.

RUMMAGE SALE.

The Ladies' Guild will continue their rummage sale Wednesday and Saturday of this week. The sale will be held in Oakland at the corner of Fifth and Washington streets.

NOTED SCIENTIST COMING FOR STUDY.

STAND TOGETHER.

BERKELEY, May 4.—Dr. Wolfgang Ostwald, son of Professor Wilhelm Ostwald of the University of Leipzig, will come to California this summer to devote a year to study under the personal direction of Dr. Jacques Loeb, head of the physiology department of the University of California. The young scientist, son of the greatest living physical chemist, is himself a brilliant physiologist and in spite of his youth, 23 years of age, he has earned his doctor's degree, and published a dozen volumes of original research, which have attracted the attention of scientists throughout the world.

The younger Ostwald's trip to California has been brought about by several reasons. The fame and high scientific reputation of Dr. Loeb as the world's greatest physiologist has been a strong enough to the young scholar, who is preparing to do a hard year's work in the physiological laboratory. Following out original lines of research, following the eye of the distinguished physiologist, the visit of the son to make the trip West. Professor Ostwald's impressions of this State were such that he left enthusiastically over his reception and his pleasant experience here.

Tai An bought a new automobile and is now reported to be lost. Possibly she is walking home.—Washington Star.

MANY WOULD BE TEACHERS.

NOVELIST DYING.

BERKELEY, May 4.—That the Board of Education will have no lack of teachers to pick from next term was made apparent at the regular meeting of the board last night when a number of applications for positions were received. Among the teachers who filed their applications were Mary I. Maxwell, Adelaide S. Turner, Elizabeth Russell, Grace V. Farwell, George D. Kierulff, Hilma H. J. Mrs. Ethel M. Augsberger, Celsa H. Carnall.

Mrs. L. V. Sweeney, the supervisor of music in public schools, was granted a three weeks' leave of absence, from May 1, that she may have the opportunity of studying new music methods in vogue in Chicago.

City Superintendent of Schools Waterman was also granted a leave of absence that he may attend the annual convention of school superintendents to be held in Santa Barbara.

Upon the request of Principal M. C. Jones \$50 was allowed to defray the graduating expenses of the senior class of the school.

Miss Eva M. Carlin, a former teacher of history in the High School, who is now in Europe on a leave of absence, filed her application to become a teacher in the department next year.

Numerous bids were received for next year's school supplies. The proposals were referred to the Committee on Supplies.

A map was received from Town Engineer Fugins, showing that the Pond Block projects about three feet on the second property between Alston way and Center street. A resolution was passed ordering the removal of the building when it stands on the school property.

Superintendent Waterman reported that there are 121 boys enrolled in the department and 1810 girls. The number of new pupils enrolled during the past month was thirty-five.

Mrs. C. E. Polina was awarded the work of engraving the diplomas for the senior class.

NOVELIST DYING.

BUDA PEST, May 4.—Maurus Jokai, the Hungarian novelist, whose serious illness was reported yesterday, is much worse today and his death is hourly expected.

HOSTETTERS CELEBRATED BITTERS

Don't expect to enjoy good health as long as the stomach is weak. That's impossible. Strengthen it with the Bitters and good health is assured. It always cures Poor Appetite, Heartburn, Indigestion, Dyspepsia and Liver Complaints. Give it a trial.

TO INVESTIGATE TRUST.

ATLANTIC CITY, N. J., May 4.—A resolution has been adopted in the annual convention here of the National Cigar Leaf Tobacco Association asking Congress to investigate the leading tobacco company of the United States, charging that it is being conducted in violation of the Sherman anti-trust act.

Officers were elected as follows: President, J. A. Friedman, Chicago; vice-president, M. W. Brown, Cincinnati; treasurer, E. Eckerson, Philadelphia; secretary, Jonas Brown, Chicago.

We should like to send a sample of Mellin's Food free to your baby.

MELLIN'S FOOD CO., BOSTON, MASS.

CHRISTIAN PARTY TO NOMINATE.

ST. LOUIS, May 4.—The national committee and the delegates to the national convention of the United Christian party have appointed a nominating committee of twelve to select candidates for a national ticket at the next Presidential election. The convention has adjourned to meet here later after efforts have been made to secure the endorsement of one of the principal parties of the platform contained in the Christian party platform adopted last Monday. If the platform is endorsed, it is said, there will be no independent ticket, the United Christian party agreeing to support the nominee of the party endorsing its platform.

NOTED SCIENTIST COMING FOR STUDY.

BERKELEY, May 4.—Dr. Wolfgang Ostwald, son of Professor Wilhelm Ostwald of the University of Leipzig, will come to California this summer to devote a year to study under the personal direction of Dr. Jacques Loeb, head of the physiology department of the University of California. The young scientist, son of the greatest living physical chemist, is himself a brilliant physiologist and in spite of his youth, 23 years of age, he has earned his doctor's degree, and published a dozen volumes of original research, which have attracted the attention of scientists throughout the world.

The younger Ostwald's trip to California has been brought about by several reasons. The fame and high scientific reputation of Dr. Loeb as the world's greatest physiologist has been a strong enough to the young scholar, who is preparing to do a hard year's work in the physiological laboratory. Following out original lines of research, following the eye of the distinguished physiologist, the visit of the son to make the trip West. Professor Ostwald's impressions of this State were such that he left enthusiastically over his reception and his pleasant experience here.

Tai An bought a new automobile and is now reported to be lost. Possibly she is walking home.—Washington Star.

THIS CLASS WILL STAND TOGETHER.

BERKELEY, May 4.—At a recent meeting of the senior class of the State University a permanent class organization was effected and officers elected. This class is the first of its kind in the history of the University. It is a form such an organization, having permanent officers whose duty it shall be to keep the members of the class in touch with each other during the vacation, and Albert Rosenhouse was chosen secretary. After a lengthy discussion, the constitution and by-laws proposed by the committee on permanent organization, consisting of E. S. Kilgore, Miss Martha Rice, Miss Zoe Zaitman, A. A. Rosenhouse, I. S. Matzler and J. M. Carey, were adopted. It was decided that the class reunions should be held 1907, 1910, 1914 and every three years time. After each of these reunions it is proposed to issue a book giving full information about all the members of the class, and containing complete records of the doings at the reunion as well as photographs of the festivities, and the names of those who were present.

After a lengthy discussion, the annual dues of the permanent organization were fixed at one dollar a member and the secretary was instructed to see that each member of the class paid his dues. It was also stipulated that the permanent secretary, whose tenure of office will for life, shall reside in one of the bay cities, as a majority of the class live in these cities. An executive committee of five members will be appointed by the president before the term closes.

It is believed that these reunions will be of great benefit, not only to the members of the class, but also to the University. The class will keep the members of the class in touch with one another, but it will also keep them in touch with Alma Mater, thus giving the University a stronger alumni support.

For Over Fifty Years
